

Greater Orlando Organization Development Network Meeting

“Inventive Problem Solving (TRIZ)”

Friday, October 7th - 8:30am-12:30pm
At Gaylord Palms Resort and Convention Center
6000 West Osceola Parkway
Kissimmee, Florida 34746

Jack Hipple, Principal
Innovation-TRIZ

Session Objectives:

This workshop will introduce and review TRIZ (Russian acronym for “Theory of Solving Problems Inventively) a “left brained” process for technical and organizational problem solving, based on patterns of problem definition and solution from the global invention idea and patent pool.

This workshop will cover:

1. What is TRIZ and what's different about it?
2. Left brained vs. right brained problem solving
3. Patterns of invention and problem solving
4. Use in technical and organizational problem solving
5. Use in failure prediction
6. Use in planning and forecasting

This session will use problems of interest to the group to illustrate the process and its applications.

Directions to Gaylord Palms:
