President's Message

Dear GOOD Network members,

In this newsletter I want to highlight one of the benefits to being a GOOD Network member that you may not think about normally. The website! This resource not only allows you to register for all of our events but it offers so much more. Let me draw your attention to the Member Directory. Our network represents many organizations, in both for-profit and not-for-profit sectors. Our members are professionals who want to support one another and they do it so well. Whether you are looking for that next position, need professional advice, or just want to get to know someone better over coffee or a meal, don't forget to resource the [Member Directory](#).
